

YourPay.com[®] Service

1SOURCE

POWERED BY FIRST DATA
SUPERIOR SOLUTIONS. INFINITE POSSIBILITIES.™

ONLINE SOLUTIONS

If you have a Web browser and a connection to the Internet, you can turn your personal computer (PC) into an easy to use point-of-sale (POS) device. The YourPay.com[®] Internet payment service allows Retail (card present), Mail Order/Telephone Order (MO/TO), and Internet processing merchants to authorize and settle credit card and LinkPoint VirtualCheck[™] transactions quickly and safely.

SOLUTIONS SHEET

YourPay.com[®] Service

Internet payment service that turns your personal computer into an easy to use point of sale

WITH THE YOURPAY.COM[®] SERVICE YOU CAN:

- SAFEGUARD YOU AND YOUR CUSTOMERS WITH 128-BIT SECURE SOCKETS LAYER SECURITY
- PROCESS YOUR TRANSACTIONS IN LESS THAN SIX SECONDS*
- DOWNLOAD REPORT DATA, CHARTS AND GRAPHS FOR PRESENTATIONS, ACCOUNTING AND BUSINESS ANALYSES
- RECEIVE AUTOMATIC UPDATES JUST ABOUT ELIMINATING THE NEED FOR HARDWARE AND/OR SOFTWARE
- REST EASY KNOWING USER-FRIENDLY ONLINE HELP IS READILY AVAILABLE

*The transaction time is measured from our gateway to the authorizing system and back. Your actual return times will depend on variables such as ISP, method of Internet connection, and Internet traffic

BENEFITS AT A GLANCE

- Features an interface so easy to use that even novice PC users can be trained in a very short time
- Allows merchants to process transactions and review reports anywhere Internet access is available
- Eliminates the need for specialized hardware or software
- Fits every merchant's business needs with customizable POS pages
- Supports credit cards, purchasing cards, and virtual checks
- Includes fraud protection measures such as Address Verification Service (AVS), card verification schemes (CVV2/CVC2/Discover CID) and merchant-configurable fraud defense
- Provides comprehensive, downloadable transaction reports, charts, and graphs
- Allows merchants to view transactions for several stores at once
- Supports memberships, subscriptions and monthly charges with recurring billing
- Accommodates multiple users in multiple locations and gives merchants control over each user's access to YourPay.com features
- Calculates sales tax automatically when a tax percentage is used

HARDWARE AND SOFTWARE REQUIREMENTS

- Any PC with Internet access
- Netscape[®] or Microsoft[®] Internet Explorer browser, version 5.0 or better recommended
- Compatible card reader and printer for card present transactions
