Visit the login page of the new business mobile banking experience on your iPhone using the Safari browser.

To add a shortcut to your device home screen:

**1** In Safari, click the **Share** button (square with an up arrow).

2 Scroll down the list of options and click **Add to Home Screen**.

**3** Name the shortcut, similar to the name of a mobile app.

**4** Click **Add** and the shortcut will be on your device's home screen.

## **Android - Chrome**

Visit the login page of the new business mobile banking experience on your Android using the Chrome browser.

To add a shortcut to your device home screen:

**1** In Chrome, click the **3 dots in the upper right corner**.

- **2** Select the Add to Home Screen option.
- **3** Select the **Create Shortcut** option.
- **4** Name the shortcut, similar to the name of a mobile app, and select **Add**.
- **5** Click **Add** and the shortcut will be on your device's home screen.
